## FCC 1: BUSINESS AND INDUSTRY

### Title: Mississippi Bridge

Info: Some notable changes are happening with the construction of the new bridge over the Mississippi in La Crosse. Project engineers say the 40 million dollar project will make it easier and safer to get into and out of downtown La Crosse, by creating two lanes of traffic each way. The mayor, representatives from the d-o-t and local politicians are looking forward to the addition. The new bridge will also have a six foot wide bike path. The project is scheduled for completion in the fall of 2004.

### Title: Fleming Company

Info: The Fleming Company's Distribution Center in La Crosse will soon be under new ownership. The Texas based company announced it is selling its entire grocery wholesale operation to C and S Wholesale Grocers Incorporated. C and S is the third largest grocery wholesaler in the country with 18 distribution warehouses, mostly in the northeast. The Fleming facility in La Crosse employed about 400 people as of last month. No word yet as to what C and S has planned for the La Crosse facility.

### Title: Local Bar Owes Money

Info: The Nutbush City Limits Restaurant and Bar is off limits for a while. On Tuesday, state officials shut down the bar for failing to have a valid sellers permit. And the Department Of Revenue confiscated all of the cash on the premises to help pay off a delinquent tax bill. Without a seller's permit the bar can't sell anything. Dennis Clark from the IRS says the business cannot get a new permit until it settles all of its delinquent taxes. The bar's liquor license will also expire on June 30. The license is issued by the city, but the State of Wisconsin has asked the license be held until all state taxes are paid. . Nutbush owners, Ted and Tracy Brockenhauer were unavailable for comment.

### Title: Summer Tourism

Info: Despite the unstable economy, the Wisconsin Department of Tourism is still expecting people to travel for the 4<sup>th</sup> of July holiday. New Tourism Secretary Jim Holperin say traveling is a habit. Although the economy is struggling, Holprin says people will vacation. They need to take time off for themselves and for their family.

Title: City Brewery

Info: The past couple of years have been tough for La Crosse's City Brewery but its getting better. The brewery paid off its loans to the City of La Crosse, the County and the State. All three loans were paid off by refinancing at a lower rate through a private bank. Currently, 314 people work at the brewery, that's the largest number of employees since it re-opened in 2000.

Business and Industry  
PSA's/Events

1. Discover Wisconsin  
Length: :30 seconds  
Air Dates: April 1 – June 30, 2003  
Message: Tourism promotion in the state of Wisconsin. Show casing little known facts about Wisconsin.
2. Northland Adventures  
Length: :30 seconds  
Air Dates: April 1 – June 30, 2003  
Message: Fishing and Hunting in the Upper Midwest and its impact on the economy and ecology.

## FCC 2: GOVERNMENT AND POLITICS

### Title: Wisconsin Budget

Info: What will the Governor do with the recently passed state budget? That's what Wisconsin Lawmakers want to know. State Assembly Representatives Mike Huebsch, Jennifer Shilling and Duane Johnsrud were guests on Wisconsin Public Radio's Newsmakers program. The group talked about the budget and the tough choices when making cuts and how to keep the state out of debt in the future. Republicans believe their budget bill works well for the state and taxpayers, but are concerned about the impact of a veto. Governor Doyle will almost certainly veto many parts of the Republican budget that came out of the legislature. Lawmakers would have the difficult task of trying to override those vetoes.

### Title: Minnesota Budget

Info: A new budget and new laws take effect in Minnesota on Tuesday. Some of the changes include fewer people receiving state help with health care and child care. Also, Minnesotans who file lawsuits hunt deer or park illegally will pay more. And cities, counties and colleges will receive less help from state government. Many of these changes result from an attempt to balance Minnesota's four and half billion dollar budget deficit.

### Title: Wisconsin Drunk Driving Law

Info: It took a special session but the Wisconsin State Senate has passed a bill to change the drunken driving laws. The law will lower the maximum level of intoxication from point one-oh to point oh-eight. The state assembly has already passed the bill, but the two bills are slightly different. Lawmakers will work out those minor details and send it on to the governor for his signature. Wisconsin had only until July 15<sup>th</sup> to pass the law or face losing about three million dollars in federal highway funds.

Title: Town Of Campbell

Info: A vote in the Wisconsin State Assembly is giving the Town of Campbell a first step towards independence from the City of La Crosse. La Crosse wants to annex the Town of Campbell. Town of Campbell leaders want their community to remain separate. The State Assembly voted 53 to 45 in favor of a bill which would allow Campbell to become an independent village. The bill allows Campbell to bypass current regulation and simply hold a referendum. If it passes Campbell would become a village. The assembly vote is only preliminary. A final vote in the assembly isn't expected until this fall.

3. Air Force  
Length: 30 seconds  
Air Dates: 4/1-6/30  
Message: Encourages young people to join the Air Force.

### FCC 3: ENVIRONMENT

**Title: Turtles**

**Info:** Watch out for turtles on the roadway. Wildlife Biologists say now is the peak time for the turtles nesting season. Female turtles are leaving the water to find a good place to bury their eggs. Turtles like to lay their eggs at dusk and after it rains. The eggs need humidity because they stay buried for a few months and hatch in the fall.

**Title: Butterfly Center**

**Info:** Hixon Forest Nature Center is opening its butterfly exhibit for the second year in a row. The butterflies were released into a green house environment, where they will have everything they need to survive. The exhibit will be around through mid-September, Tuesdays and Thursday noon to three and Sundays one to four. You'll be able to see dozens of butterflies going through their life cycles from caterpillars to butterflies. And for kids, the nature center has a children's garden, where kids can come and see and smell a variety of herb plants.

**Title: ATV Use**

**Info:** A new Minnesota law will eventually restrict where ATV'S can go. The law took effect Sunday, but will take a few years to put in place. Under the new law, ATV'S will be allowed only on marked routes, all other state forest trails will be off limits. It will also give local officials new authority to prohibit driving ATV'S in road ditches. Until now, recreational vehicle drivers could use almost any of the trails in state forests. But the legislature changed the law because of complaints about noise, traffic and damage caused by off road vehicles. The Minnesota DNR will select and mark the ATV driving trails by the end of 2006.

Environment  
PSA's/Events

1. Mississippi River Clean Up

Length: 30 seconds

Air Dates: April 1- June 7

Message: This WXOW sponsored event is a major clean up effort for the Mississippi River. Several hundred people turn out every year to help clean up the environment around the river. WXOW's Dan Breeden was our point person for this project. This year, the original date for the clean-up had to be changed, due to high water. This led to an additional round of PSA's.

## FCC 4: EDUCATION

### Title: Girls and Science

Info: Middle School girls are experimenting with science at UW-La Crosse. Sixth through eighth grade girls from around the state participated in the fourth annual "Girls in Science" program at UW-L this weekend. During the two day event, the girls got hands on experience in topics such as amazing chemistry to being a doctor for a day. The program is meant to encourage more girls to go into math and science fields and to teach them about the wide variety of career options in those fields.

### Title: Arts Camp

Info: About 30 kids are at UW-La Crosse this week for an arts camp. They spend their time doing traditional camp activities like painting, music and ceramics. But there's something special about this camp, these kids are partially, if not fully blind. Artists from as far as California came to work with the kids. Everything is hands on at the camp. Kids are making masks, ceramics, painting and playing instruments. The camp's music instructor is blind himself.

### Title: Sparta Superintendent

Info: The Sparta School District has a new Superintendent ready to take over for the retiring Marlin Phillips and the new man already has ties to the district. The districts current Director of Combined Services, John Hendricks is the new Sparta Superintendent. Hendricks is a former Sparta Elementary and Middle School Principal and at one time was a music teacher in Onalaska. Hendricks still needs formal board approval, but is expected to take over the post July 1<sup>ST</sup>.

### Title: La Crosse Superintendent

Info: The La Crosse School District has a new Superintendent. Jerry Kember officially took over as La Crosse's new school superintendent today. Kember is no stranger to the district. He spent the past four years as Associate Superintendent of Instruction.

PSA's/Events

1. Amber Alert

Length :30

Air Dates: April 1 – June 30, 2003

Message: How to respond during an Amber Alert and how it will help save children's lives through immediate awareness.

## FCC 5: PUBLIC HEALTH

### Title: Fireworks Safety

Info: The 4<sup>th</sup> of July is around the corner and if you're planning on celebrating with fireworks it's important to remember the safety hazards. Each year, about ten thousand people are injured from accidents involving fireworks. About half of those injuries happen to kids fourteen and under. Carol Immerman from the Franciscan Skemp Trauma Center says there are a number of things you can do. For example, if you're trying to light something and it doesn't work, stop trying and throw it away in either a bucket of sand or water, it may be part of a bad batch. Also, try to use the longer matches or butane lighter so your hand is farther away from the firework you're lighting. The Franciscan Skemp E-R says they also see many firework accidents happen when people have been drinking.

### Title: Blood Drive Museum

Info: A unique Museum Rolled into the UW-La Crosse campus. La Crosse is one of five Wisconsin cities getting a visit from the Red Cross mobile museum. It's full of displays that educate visitors about donating blood. The convoy is on a coast to coast tour, stopping in three hundred cities nationwide. The museum is a reminder there is a blood shortage. All blood types are needed, especially as travel increases over the 4<sup>th</sup> of July holiday.

### Title: Obesity

Info: One out of every five adults in Wisconsin is considered obese, seriously overweight. Gundersen Lutheran is making an important contribution to finding solutions. Among the findings, if adults are active their kids tend to be active and vice versa. The study also found that something as simple as wearing a pedometer, a device you wear that counts each step you takes, is effective in promoting exercise in children. Gundersen's Dr. Brenda Rooney led the research. She recently traveled to Washington D.C. to accept an award called the Golden Hera for her efforts. The award recognizes individuals who have made a difference in the lives of women and children.

Title: Cat Disease

Info: Cat owners beware, your pet may be at risk of coming down with a deadly disease. They're saying the disease is spreading around the neighborhood near the Onalaska City Hall. The disease is like H-I-V. Cats pick it up through a bit wound from fighting with another cat. Vets call it F-I-V or Feline Immuno Deficiency Virus. Like H-I-V, the cat virus is fatal. Humans aren't in danger of contracting this disease from their pet. Vets say the best way to prevent it is to keep your cat indoors. You can get your pet tested at your local vet for around 40 dollars.

Feature acts included three local bands. Proceeds from the event benefit Causeway. It's a neighbor helping program serving the elderly and adults with disabilities. Volunteers provide one on one support through visits, grocery shopping, chores and social outings.

### Title: New Trail Stops

Info: Here's a new excuse to get on the La Crosse River Marsh Trail, there are now a few places to sit and relax along the trail. It's all thanks to the efforts of the Balley View Rotary Club and the City's Park and Recreation Department. The Rotary Club created four rest stops along the Marsh Trails, each with a picnic table, benches and trash cans. The project costs about six thousand dollars. The trail also includes an interesting bit of information with nature signs, describing the nature of the specific marsh.

## FCC 7: CHILDREN'S ISSUES

Title: Drugs and Alcohol

Info: Some Onalaska kids are learning about the dangers of drugs and alcohol and the importance of making good decisions in an unconventional way. Nearly 300 fifth and sixth graders took part in a ropes course at the Onalaska Omni Center. The Wisconsin National Guard travels around the state teaching kids how to solve problems and experience success without using drugs or alcohol. They use the ropes course to get their message across. The kids had the chance to wear what are called fatal vision goggles among other things, which simulate what it feels like to be intoxicated. The ropes course is part of the Onalaska Police Departments Dare and Great programs.

Title: Hazing

Info: The hazing incident in Illinois is bringing back a lot of bad memories for one local principal. Three years ago, two Onalaska High School students were charged with hazing a group of freshman boys. It was apparently part of an initiation into High School. Since then, the Onalaska School District has taken a strong stance against hazing. A district brochure specifically outlines the district's stance on not only hazing but bullying and other types of harassment as well. They used the input of school administrators, students and parents. The district's policies on hazing are clearly outlined in the brochure and they're discussed with students every year.

Title: Swimming

Info: Twelve hundred children under the age of fifteen die each year from drowning. The La Crosse area YMCA is hoping to change those numbers. "Begin to Swim Week" is a program which promotes water safety education and provides introductory swimming lessons. The week will not only be educational but fun for both parents and children. The program is free and the YMCA encourages families to participate to ensure a fun and safe summer.

#### **FAT OR THIN?**

What determines body weight? Is it just some people's destiny to be thin, while others are fat? Some people say it's their genes or metabolism, and that they just can't control their weight. But as John Stossel reports, a recent study suggests if you are fat, it is your choice.

#### **TABLES TURN**

A world-famous neurosurgeon suddenly finds himself needing the care he has given to so many others. Dr. Fred Epstein became the victim of a severe brain injury after a bicycle accident in 2001.

Friday, April 25, 2003

#### **ROYAL COUPLE**

Posh Spice and David Beckham, dubbed as England's new royal couple, speak candidly to ABC News Correspondent Deborah Roberts. In their first televised American interview together since weight loss and attempted kidnapping controversies touched their family, Victoria and David speak.

#### **TRICHOTILLOMANIA**

Billions of dollars are spent on cutting, coloring, straightening, styling and maintaining hair. So why would people literally pull out their own hair? ABC News Correspondent JuJu Chang reports on trichotillomania, a condition leading people to have an uncontrollable urge to pull out their own hair. The not-so-rare disorder affects an estimated four million women and two million men in the U.S.

#### **SPRING BREAK**

The much-talked-about film, "The Real Cancun," brings together 16 young adults for eight days in a beachfront Mexican villa for what the film company calls the "ultimate" Spring Break vacation. How will these college students react to seeing themselves on the big screen after immersing themselves in Spring Break revelry with camera crews following their every move? Better yet, how will their parents react?

Friday, May 2, 2003

#### **TOGETHER AGAIN**

After years of searching, a brother and sister find each other during a fortuitous meeting. Barbara Walters reports on the unbelievable twist of fate that brought Kari Maracic and Ben Davis together against all odds.

#### **ON A JOURNEY**

Pop Sensation Anastacia takes "20/20" on an intimate journey from treatment to recovery in a life-threatening disease. She talks to ABC News Correspondent Deborah Roberts to let other young women know the life-saving benefits of early detection.

#### **CONDUCT – UNBECOMING?**

ABC News contributing correspondent John Ferrugia with an undercover investigation into an Air Force cadet's alleged role in arranging group sex parties outside the Academy. Through a web site, the cadet allegedly sets up group sex between one woman and many men, all while using government computers and systems to arrange and promote these sex parties.

Friday, May 9, 2003

#### **MOTHER'S DAY**

In honor of Mother's Day, "20/20" explores the very unique mother-daughter relationships of two hot celebrities: Oscar nominated Queen Latifah and her mom, Rita Owens, and "CSI" star Marg Helgenberger and her mom, Kay Snyder. The mothers and daughters speak candidly to Barbara Walters about their relationships growing up, stardom and even some surprises.

Friday, May 23, 2003

#### **CO-ANCHOR**

Award-winning ABC News correspondent John Stossel will join Barbara Walters as co-anchor of ABC's acclaimed newsmagazine, "20/20," with his debut tonight.

Friday, May 30, 2003

#### **SNOOPING**

Do parents have the right to spy on their kids? John Stossel reports on the controversy surrounding this issue. Stossel talks to parents who spy and to children who are spied on, as well as to experts with strong opinions on snooping.

#### **CARNIE WILSON**

Four years ago, singer Carnie Wilson's very public operation to staple her stomach, which was first reported on "20/20," made her the poster child for gastric-bypass surgery. Today her transformation has inspired thousands suffering from morbid obesity. She talks to ABC News Correspondent Deborah Roberts about her constant battle with food, a new solo career, a book and an upcoming photo spread in Playboy.

#### **JANE PAULEY**

Jane Pauley speaks candidly to Barbara Walters about her retirement from NBC, why she left and what is next for the veteran journalist. The two also discuss Pauley replacing Walters when she left NBC's "Today" show for ABC over 25 years ago.

Friday, June 20, 2003

#### **EXTREME MAKEOVER**

In the world of extreme makeovers, this may be the ultimate plastic surgery... turning a sexually experienced woman into a surgical virgin. ABC News Correspondent Lynn Sherr reports on the secretive practice of hymen restoration and the women who go through with this procedure to comply with their cultural traditions.

#### **JOHNNY DEPP**

In his first ever in-depth primetime interview, actor Johnny Depp speaks candidly to Elizabeth Vargas about the drug use, arrests, high profile romances and ultimate true love that have shaped his acting career.

#### **MASS DESTRUCTION ATTACK**

If a chemical, biological or radiological attack happens in a major U.S. city, will the first responders – the firefighters, police and emergency medical technicians – be prepared with the right equipment? ABC News Correspondent Jami Floyd reports that many experts say no.

Friday, June 26, 2003

#### **AMBUSH TV**

In the newest crop of reality TV shows, the star -- and the butt of the joke -- just might be you. ABC News' Jami Floyd reports that a growing number of programs are using the low-budget "ambush TV" formula to scare and humiliate unsuspecting victims for laughs and to attract big audiences.

#### **EXPECTING JUSTICE**

KMGH-TV's John Ferrugia reports on a story of an Air Force cadet who assaults a teenaged girl and spends only 60 days in prison, after pleading to a lesser charge.

#### **GASTRIC BYPASS SURGERY**

After checking in with two obese sisters, eight months after their gastric bypass surgery, Deborah Roberts reports on the effects of stomach reduction surgery on the lives of overweight children.
